Dear Ms. Dortch,

The Hartford Public Library is respectfully requesting a waiver of the deadline on Universal Service Fund FCC Form 471, #875623, Applicant's form identifier 490572012. The application is complete, but was filed a day late due to special circumstances. We are a rural, public library in a community that has double digit unemployment with low income and poverty families. The public library services are vital to this community.

Respectfully Submitted,
